

Community Council - Superfast Cymru Newsletter - Issue 2

Dear Community Councillor,

Superfast broadband is on its way. Check when your community is scheduled to benefit...

Access to fast fibre broadband is high on the priority list of many community councils around Wales. This newsletter aims to provide you with information on where to go to find out more about the roll out of fast fibre broadband service in Wales. We hope this will be of interest to you as a Community Councillor and that you will be happy to spread the news locally. We are working very hard to make fibre broadband available in many more areas of Wales. Our deployment will continue through until the end of spring 2016.

For the latest rollout plans check out the "where and when" page of our website - www.superfast-cymru.com which includes a coverage map allowing you to check when fibre broadband is coming to your area, or if your area can already benefit from fast fibre speeds. The good news is that high speed fibre broadband is now available to over 293,000 premises across Wales thanks to Superfast Cymru. The latest exchanges offering fibre in some parts of the telephone exchange area include:-

Aberconwy, Abergele, Brynsiencyn, Caersws, Carmarthen, Cross Keys, Llangollen, Llandudno, Llangollen, Llanidloes, New Quay, Saundersfoot, Tregaron and Wick.

We're rolling out faster than it takes to break a New Year's resolution and many more Welsh communities will have fibre rollout underway in 2015. Please help us spread the word and encourage people within your community to register via our website www.superfast-cymru.com. Over 21,000 people already have.

Hungry for fibre?
